MACLEOD, ALBERTA, THURSDAY, FEBRUARY 18, 1909

No. 47

MEETING OF CITY DADS

\$7,500 Granted for Agricultural Fair and Sporting Grounds. The Island Selected As Site. Land Grant to C. N. R. Ratified.

The usual session of the town council was held Monday night, Mayor Grier presiding.

The following councillors were present: R. G. MacDonnell, J. S. Lambert, T. Dickson, Dr. W. W. Milburn, I. Hale.

Upon motion of Lambert, seconded by MacDonnell, lots 10 to 37 S. 25 E. 5 and 1 to 37 N. 25 E. 5 and 1 to 37 S. 26 E. 5 and 1 to 37 N. 26 E. 5 were reserved for the Canadian Northern Railway for two years.

On motion of MacDonnell \$7,500 was set aside out of the town lots account fund for the purpose of expending on building, grounds, etc., on the island for the purpose of agricultural fair, sports, etc. The expenditure of this money to be under supervision of a committee of the town council.

On motion of Lambert, His Honor the mayor, R. G. MacDonnell and Mr. C. Maclean were appointed to act with a committee of the Agricultural Society and that they be responsible to the council for the expenditure of money granted by the council.

The usual accounts were passed.

MINERS' AND OPERATORS' CONFERENCE

The scale committees of the miners and operators to confer at Macleod on March 2, are composed as follows: Operators' Scale Committee—Lewis Stockett, Hosmer; W. H. McNeill, Canmore; J. D. Hurd, Fernie; O. E. S. Whitehead, Coleman; P. L. Naismith, Lethbridge; Mr. Rameau, Blairmore; Mr. Hamilton, Passburg. Miners' Scale Committee—Messrs. F. H. Sherman, Thos. Biggs, Fernie; W. Whitehouse, Michel; Wm. Graham, Coleman; W. H. Dunlap, Bankhead; Clem Stubbs, Taber; A. J. Carter, Michel.

MACLEAN WINS CUP

Cranbrook, Feb. 17.—Rev. H. R. Grant, of Fernie, the original shy pilot in Ralph Connor's book of that name, won the Corby trophy in the bonspiel here today, and MacLean of Macleod, Grant of Fernie, and Henderson of Cranbrook, are still in the Gault. McCowan, Blundell and Johnson are still in the Consolation.

A later despatch says: Cranbrook has been taken into camp. His reverence, the Shy Pilot, has cleaned up the bunch. In fact, Fernie has done the deed, winning the Gault cup and the Consolation.

The local rinks returned yesterday and report a strenuous time. They were on the ice almost continually and at times against fresh rinks. All have a word of praise, however, for the splendid hospitality of the Cranbrook boys.

Maclean's rink was entered in the semi-finals of racing competition and only soft ice and physical fatigue in all probability prevented Macleod's representatives making a clean sweep.

The following is the result by rinks: F. Perkins, W. C. Bryan, L. Fowler, Skip A. Young, won 2nd in Corby cup being beaten by Rev. Grant's rink from Fernie.

F. Rhodes, F. P. Douglass, R. G. Mathews, Skip M. C. Maclean, won the Grand Challenge trophy, beating the Ward-Cranbrook rink in the finals. Also won 3rd in the Corby cup.

CALEDONIAN ASSOCIATION

The usual monthly meeting of the Caledonian Association was held on Tuesday evening, Hugh Mackintosh presiding. The set of Highland bagpipes presented to the association by M. McKenzie, M.P.P., were formally handed over by Wm. McKenzie and the secretary instructed to send him a letter of sincere thanks.

A cordial vote of thanks was also accorded to those ladies and gentlemen who so graciously assisted with gifts of good things at the Burns' anniversary celebration held recently.

This association does not mean to let the grass grow under its feet.

There is another concert on Monday evening next at which those unrivalled entertainers, Mr. and Mrs. McKenzie, will perform, dance and sing.

It is the intention of the association to hold Highland sports during the summer months at which there will be entertainment for old and young.

LIBERAL ASSOCIATION

The regular annual meeting of the Macleod Liberal Association was held Friday last. The following officers were elected for the ensuing year:

President, A. F. Grady.

Vice-President, C. Gange.

Secretary-Treasurer, J. W. McDonald.

Committee—Messrs. J. R. McLean, Wm. Foster, Thos. Clarke, R. J. E. Gardiner, J. A. Virtue, Hugh MacIntosh, D. R. Wilson.

A resolution expressing confidence in Sir Wilfrid Laurier and in Hon. Frank Oliver, minister of the interior, was put to the meeting and carried unanimously.

Another resolution expressing confidence in Premier Rutherford and his government, and also in Mr. Malcolm McKenzie, M.P.P., was put and carried. The railway policy of the provincial government came in for a good share of praise as did also the telephone system now doing such good work in the province.

The unsuitability of the present post-office building in Macleod was taken up the result being that a motion was put and carried requesting Mr. A. B. McDonald to place the matter before the postal authorities asking that a building suitable to the requirements of the town be given up.

A SKIN GAME

R. S. Patterson, representing himself as accountant of the Hillcrest Coal & Coke Co., was arrested at Frank last night on a charge of securing money under false pretences from Manager Swinneron, of the Empire hotel. He was here yesterday and succeeded in getting Mr. Swinneron cash a ten dollar check signed Hillcrest Coal & Coke Co., R. S. Patterson, accountant. Patterson said he was short of funds, but Mr. Swinneron was suspicious as he happened to get a glance at a ten dollar bill in Patterson's possession. Patterson took the flyer west and the hotel man telephoned Hillcrest and learned Patterson was not now connected with the company. The mounted police were notified and the officer at Fernie was asked to board the flyer at Frank and arrest the man. This he did, and Patterson will be brought here for trial. It developed today that Patterson touched S. Heap, the agent of the Hillcrest Co., using a forged check, too.

THE REDISTRIBUTION

Geographically the new redistribution bill, which will increase the membership of the Alberta house to 89, has a fine appearance. Here is the way it looks on the map, taking Red Deer as the dividing line;

Northern Constituencies	Southern Constituencies
—20.	—19.
Lacombe	Lethbridge dist.
Wetaskiwin	Lethbridge
Ponoka	Cardston
Leduc	Macleod
Strathcona	Pincher Creek
Edmonton (2)	Crow's Nest
Stettin	Nanton
Camrose	High River
Vermilion	Okotoks
Vegreville	Medicine Hat
Victoria	Berkeley
Saddle Lake	Calgary (2)
Sturgeon	Gleichen
Stoney Plain	Banff
Pembina	Rosedale
St. Albert	Olds
La. Ste. Anne	Innisfail
Athabasca	Red Deer
Peace River	

G.T.P. COMING

Mayor Grier has just received a communication from Malcolm McKenzie, M.P.P., asking what could be done in the way of furnishing land for the station or for a grant towards that purpose. The request came to Mr. McKenzie from D'Arcy Tate, the Solicitor of the G. T. P., now in Edmonton.

Though there has been no meeting of the council, the mayor is confident that land will be furnished for the station, for this means that Macleod will be on the road.

Mr. McKenzie informs Mayor Grier that the charter will, with the consent of the G. T. P., be amended. It read first that it would run to a point at or near Macleod. Now it will read "in the town of Macleod."

Macleod is now assured of both the G. T. P. and the C. N. R.

Fatal Accident

Clareholm, Feb. 19.—Vincent Nelson, a rancher, aged 35 living a short distance from Clareholm, had his neck broken this afternoon, by falling from a load of lumber, and was instantly killed. The wagon skidded upsetting Nelson with fatal results.

R. W. LIVINGSTON, Editor

THURSDAY, FEBRUARY 15, 1909

Premier Rutherford is receiving many congratulations upon the success of his action in calling the recent conference in the interests of the grain-growers and shippers. Made up as the conference was of grain growers, elevator owners, shippers, bankers and railway men, the very best results can be anticipated.

These people have in the past been looked upon as being antagonistic to each others interests but at this conference presided over by the impartial and widely sympathetic premier anxious to bring all into harmony, the varying views were expressed and discussed to the full, and it was discovered that there was no earthly reason for antagonism. A new spirit of harmony was created.

Finally it was decided that the western route for grain via Vancouver and the Pacific was the route which will best serve Alberta's growing grain trade. The length of the railway haul will be less than half what it has been to eastern parts and with a cheap rate to Liverpool by water, Alberta's grain growers can compete with the world's without fear of handicap as in the past. Moreover the grain can be more quickly marketed as the C.P.R. superintendent stated his road could carry to Vancouver next season two cars of grain for every one that used to go east.

The conference framed a resolution asking the Dominion government or the C.P.R. to erect adequate terminal elevators at Vancouver.

Do the citizens of Macleod realize that now is the time to work as a unit for the best interests of the town? There has never been a better opportunity than that of the present. See to it that every advantage be taken. Cliques and factions should be pushed to one side and the best interests of the town advanced.

The action of the council appropriating \$7,500 for grounds and necessary buildings for fair and sporting purposes will meet with the almost general approbation of the ratepayers. The question now arises as to the most advantageous manner in which to invest this money. The island is the logical and ideal spot for a pleasure resort, and by a judicious expenditure of the present appropriation and an occasional future grant of amounts necessary to complete the project, can be made into a place of beauty.

There is one very serious question the community will have to decide. That is just what an equitable basis would be as to the amount expended for race tracks, ball grounds, etc, and the amount spent for the erection of proper fair buildings and the beautifying of the grounds. There is one thought that should be uppermost in guiding the committee in its decisions and that is that this money belongs to the people and should be expended to create a pleasant place where an enjoyable day can occasionally be spent. The race track and sporting grounds should be a secondary consideration.

Get better cooking results from less fuel

THIS range was built to get more and steadier heat out of the fuel you burn.
—to bake and roast perfectly.
—to do all that the highest priced range will do and do it easily.

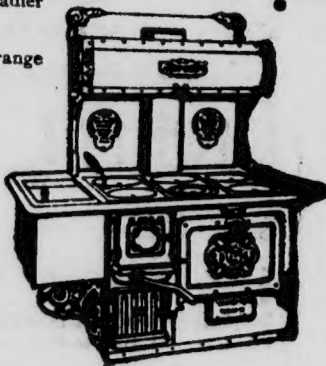

Gurney-Oxford Chancellor

Is built of dead flat, patent levelled steel, asbestos lined. It has the duplex reversible grate—With this grate no coal can drop through until it is thoroughly burned—the teeth cut off the dead ashes from the bottom of the fire when the grate is operated, giving a quick, hot fire.

Note the big, deep oven, with balanced door that drops down and forms a firm shelf for basting, etc.

The detachable copper reservoir will keep you supplied with plenty of hot water.

The Gurney-Oxford Chancellor Range will cut down living expenses by saving fuel, food and labor. It bakes perfectly, roasts to a turn—is easily controlled and perfect in operation.

This is the range you should have in your kitchen—the range you should write us about to-day asking for full information.

PRICE \$40

High Closet \$10 extra
Reservoir \$5.00 extra

GURNEY - OXFORD

Golden Nugget

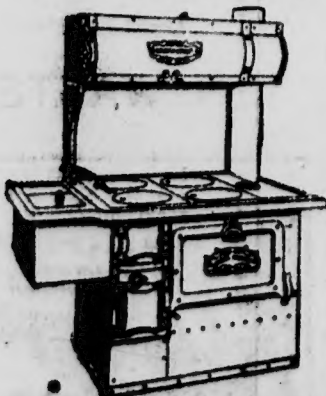

No range was ever sold at so low a price that was so solidly built of dead flat, patent levelled steel, lined with asbestos and containing so many of the latest improvements in range construction.

The new Gurney-Oxford reversible grate gets the best out of any coal and gives a quickly responding fire.

The oven gives an absolutely even temperature and is extra large. Let us tell you more about it.

PRICE \$23.00, High Closet \$7.00 extra, reservoir \$5.00 extra

COMMENTS

A question of equally as much importance to our town's progress as that of incoming railways is the equitable taxation of property by the council. There is no doubt in the mind of any sensible ratepayer that the present unfair rates tend to discourage building operations and investment of outside capital. A proposal was made at the last meeting of the council to reconsider the onerous conditions of the present fire by-law by narrowing its too broad limits to permit thereby the erection of approved buildings within an area at present beyond the reach of citizens of moderate means who possess property to build on within the present limits. This move, if carried out, is bound to improve Macleod's condition and advance it from a town to a city before long. At present owing to the high cost of such buildings as can be erected in the existing fire limits, coupled with the assessed value of lots, rents are demanded, in order to secure even a moderate return on investments, which are almost beyond the limit of ordinary business profits. The result is that few mercantile businesses expand as they ought and therefore fail to encourage outside people to seek our town as their purchasing point. Every citizen, whether mechanic professional men, or merchant would benefit by this amendment to the present bye-law.

It is matter for discussion these days that Alberta's telephone system though something like the prophet receiving few compliments in its own country, ranks very high indeed in comparison with other telephone systems. Nova Scotia which followed Alberta's suit in securing a telephone system has found it necessary to raise the telephone rate, and Manitoba which had promised great things in the way of reduction, very recently made its first reduction. Alberta on the other hand made some reduction on long distance phones immediately upon taking over the system from the Bell Company, and at the start of 1909 a further reduction—amounting to almost 25 per cent had been made.

In addition to this evidence of shifty management, the department of public works has constructed over 700 miles of new rural lines to meet the wants of farmers in different sections of the province. This branch of the provincial works has been doing no boasting of its achievements, but it would seem that there is credit coming to the men at the head of it for their excellent work in this regard.

Rumor has it that Mr. McKenzie will run in the Claresholm riding if one is created by the redistribution bill.

Judging from opinions expressed here and there the coming fight in Macleod will be a hard and bitter one.

The political pot is beginning to boil. In the Macleod constituency up to the present there are three avowed candidates. Our present member, Malcolm McKenzie and Collin Genge seeking the Liberal nomination, and D. J. Grier asking the nomination from the Conservatives.

It is to be regretted that bitter feelings enter into a political campaign, but it seems to be the inevitable result always. Oppose a man's political views and it seems to strike a tender spot somewhere in his anatomy, and the first thing one knows he is being called hard names when from his view point he doesn't deserve them.

Good Talk

Senator Beveridge, during a recent
visit to Portland, talked about oratory.

"The campaign," he said, "has given
us oratory more remarkable for quan-
tity than quality. True oratory is that
which brings results, is that which
converts an audience of enemies to an
audience of supporters. Such oratory
is rare.

"I have a friend whose wife, a 'Suf-
fragette,' is a great orator. Her
speeches from the platform are won-
derful, and her husband the other day
gave me an illustration of the efficiency
of her private speeches.

"An agent called on my wife this
afternoon," he said, "and tried to sell
her a new wrinkle eradicator."

"And how did the man make out?"
said I.

"He left in half an hour," was the
answer, "with a gross of bottles of
wrinkle eradicator of my wife's own
manufacture that he had purchased
from her."

"TUSCULUM"

No. 3629, Vol. 7, Page 210

Will Stand for the

SEASON 1909

— AT —

"The Willows"

Willow Creek, Macleod

This grand race horse and sire
is by imported "BEN STROME," (sire of
"ROSEBEN," the holder of two world's
records, the fastest horse seen in
America for many years. "HIGHBOLD,"
winner of the American derby and
champion two-year-old of his year,
"EUGENIA BURCH," the champion three-
year-old of her year and a host of
others too numerous to mention,) out
of "CHARTER," winner of twenty-eight
stakes, by "FELLOWCRAFT," the great
four-miler. "TUSCULUM," is full
brother to "CINQUYELLI," winner of
many races including the Del Paso
stakes, etc., "SUBTLE," winner of ten
races as a two-year-old and known as
the "speed marvel" and who was re-
cently sold as a brood mare to go to
France at a fancy price to join the
famous stud of Mon's Blanc, owner of
the famous and high priced horse
"FLYING FOX"

"TUSCULUM'S"

Success as a sire in this country is
exceptional. Limited to but few mares
of first-class breeding he produced the
best two-year-old of 1908, "TUSCU-
LUM," out of "LADY BLAIR," and in
1910 he will show the best bunch of
two-year-olds ever sired by one sta-
llion in Alberta. Bred to half-bred
mares he produces size, confirmation
and style. One gentleman refused
\$500 for a pair of two-year-olds out of
half-bred mares. For full particulars
and terms apply to,

COLIN MACLEOD

M. MACKENZIE, M.P.P., AND CLARESHOLM

According to the Clareholm Review Clareholm will be the name of a new provincial constituency. The Clareholm Liberals, at a recent organization meeting, passed a unanimous resolution requesting Malcolm Mackenzie, M.P.P., to contest whatever constituency Clareholm is placed in. If Mr. Mackenzie consents the Macleod Liberals will have to look for a new candidate.

CARNIVAL

The Carnival Monday night at the skating rink was a most enjoyable affair. Too much praise cannot be given the management for the manner in which these affairs are conducted. It is purely and simply a clean, moral and highly respectable place where the young people can go for an evening of innocent and healthy amusement.

The Traffic Bridge

Work on the traffic bridge is progressing in a most satisfactory manner. The extremely cold weather of last month retarded things somewhat, but this weather is ideal for the rapid pushing of the work.

*Begin the day well and
the day will be
a good one. Begin the
day well and the day

NOTICE

NOTICE IS HEREBY GIVEN that an application will be made to the Legislature of the Province of Alberta at the present session thereof for an act to incorporate the Alberta Southern Railway Company with power to construct, operate and maintain a line of railway of a gauge of 4 feet 8 1/2 inches (with all convenient branches, whether under or over six miles in length) from a point on the line of the Grand Trunk Pacific Branch Line between Calgary and Lethbridge, such point being in a north-easterly direction from Macleod, thence to or near Macleod to or in the vicinity of Pincher Creek thence in a westerly direction to the western boundary of the Province, a distance of about 100 miles with all the usual rights, powers and privileges granted to Railway Companies.

at this 10th day of January, 1909

GEORGE B. HENWOOD,

Edmonton, Alberta,

solicitor for the Applicants

GOOD HEALTH DEPENDS ON GOOD
BREAD

in a larger measure than most people think and—how could you arrive at wholesome bread without pure, well milled flour. Give it up! But you won't give up the use of

PANTRY QUEEN

flour if you have ever tried it. Try it now and you'll understand.

Common ranges make the coal man smile.

Is your Coal Wasted or Used?

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora range you can be certain that your coal money is not wasted, but used.

The Pandora Range makes the thrifty housewife smile.
